SUMMARY

A motivated and enthusiastic individual with outstanding problem-solving skills and excellent communication abilities, adept at tackling challenges with creativity and diligence. Eager to apply a strong foundation in analytical thinking and collaborative teamwork to drive impactful results in a dynamic and innovative environment.

One line that defines me is "**Never Give Up**".

PROJECTS

To-Do Website

- Designed and implemented a responsive Todo List Web Application utilizing JavaScript and Express JS, Demonstrating and adeptness in contemporary Front-End and Back-End Technologies.
- Incorporated intuitive feature like task Creation, Deletion, Editing, and Status Update to enhance user experience, ensuring a seamless and user-friendly interface.

Travel Website

- Implemented a full-stack travel website using React for the front end, Node.js and Express.js for the back end.
- Designed and developed dynamic and responsive user interfaces, improving user engagement and satisfaction by integrating real-time data and interactive features into the travel booking system.

Ecommerce Website

- Developed a comprehensive e-commerce website using React for the front end, Node.js and Express.js for the back end.
- Implemented features such as user authentication, product search, shopping cart, and secure payment processing, enhancing user convenience and driving sales growth through a seamless and efficient online shopping experience.
